# Cows & UFOs

Do you believe in aliens?

If so, you should definitely bounce to our spooky farm, where aliens are rumored to drop by frequently. If this is a well-known alien gathering spot, it might explain why our cows are starting to act weird. Are they just paranoid, or is there more to it?

Cows & UFOs is an eerie and spine-tingling 3-reel, 3-row slot with 5 fixed paylines, where no one is truly safe. If you pay close attention, you'll notice a suspicious UFO flying above the fields, casually picking up our cows and disappearing without a trace! Even Wild dogs that appear only in the main game cannot protect them! After completing their experiments and secret research, the alien scientists return and the cycle repeats.

The UFO alert Bonus Game is activated by 3 cows/bulls appearing simultaneously on all three reels. During the Bonus Game, the main game reels turn into a grid of 3x3 positions with a reel containing only cows, bulls, UFOs, and crop circles on each position. Every cow and bull shows the prize it may award, this prize is calculated as the total bet multiplied by one of the multipliers from the Bonus Game – up to x20. UFOs that sometimes land on the reels abduct cows and bulls, and along with the aliens from other UFOs eager to collaborate, all board the one UFO. The prizes from all the objects that go into the UFO are added together, and then the multiplier indicated on the UFO (x1, x2, or x3) is applied to the total. Bonus Game starts with 3 attempts, all winnings are added and paid at the end of the feature.

The Classic Risk game is also available.
