XMAS BURST

It’s an exhilarating night at the North Pole, as Santa prepares for his trip around the world.

Across an inaccessible snowfield, hidden behind a forest of snowy trees lies 5-reel 3-row Santa’s beautiful home with 20 fixed paylines. Sitting in his cozy armchair, it’s where he brings all his ideas to life. Bells, candy canes, and colorful gems - Santa is wrapping special presents for those who have been good all year round!

Xmas Burst is a cascading reel slot, when the player hits a winning combination and gets paid, all the symbols on the payline explode, symbols above drop into the gaps, and the rest of the empty areas are filled in with the new symbols falling from the top. It works the same way when Wild symbol appears and explodes.

Join Santa as he prepares to take off on his Christmas journey and lend a helping hand with some last-minute preparations. Help him find his boots and load the sleigh with Scatter gifts - will you find the sack of presents that will bring joy and happiness to players worldwide? 3 Scatter symbols trigger 10 Free Games, and 4 Scatter symbols trigger 20 Free Games. Just like in the main game, cascading multipliers are applied to the winning combinations during Free Games. 2 Scatter symbols during the feature trigger 10 more Free Games.

All wins are multiplied by the respective number, both in the main game and Free Games. Multipliers are applied to the current winning combinations. The main game multipliers are x1, x2, x3, x4, and x5. The Free Games multipliers are x3, x5, x7, x9, and x15. When the multiplier reaches the maximum value all further wins within this cascade are multiplied by this value.

Will your present be filled with enchanted Christmas decorations, gems, or something entirely different? Spin to find out, and watch as Santa does his cheerful dance while you’re unwrapping your well-deserved gifts!
